

## Mohammed Abu Hilal

Poliambulanza Hospital Brescia

### Workshop 6: Management of highly advanced HBP surgery for super-elderly patients

February 24 (Wed.) 16:40-18:40 [Room 5]

Moderator

**WS6-1** The minimally invasive management of highly advanced HBP surgery for super-elderly patients

Professor Mohammad Abu Hilal MD PhD DocEur FRCS FACS ESBQ(HPB)

Prof Abu Hilal is a the chair of the department of Surgery and the head of HPB surgery at the Poliambulanza Hospital- Brescia and is a Professor of Surgery at the University of Southampton.

Professor Abu Hilal has a huge interest in minimally invasive surgical techniques He has published more than 200 papers and abstracts and more than 100 oral presentations, in addition to a number of book chapters.

Prof Abu Hilal has occupied a number of leading positions including :

Chairman of the membership committee- international laparoscopic liver society ( ILLS) to present

Chairman of the innovation and Development committee- European- African Hepatobiliary Pancreatic Association (EAHPBA ) to present

Chairman of the expert panel for laparoscopic liver surgical Guidelines

Member of the Executive Council (ILLS) to present

EHPBA Council member 2014 to present

EHPBA education committee member 2014 to present

## Horacio J. Asbun

Hepatobiliary and Pancreas Surgery, Miami Cancer Institute

### Video Symposium 1: Anatomical landmarks to safely perform laparoscopic HBP surgery

February 23 (Tue.) 9:20-11:20 [Room 1]

**VS1-1** Minimally invasive approach to the different anatomical variations of choledochal cysts

#### **EDUCATION:**

Fellowship: Gastrointestinal, Hepatobiliary and Pancreas Surgery: Lahey Clinic, Burlington, MA. July 1991 to September 1992

Residency: General Surgery: Kern Medical Center, Bakersfield, California, University of California San Diego. June 1986 to July 1991

Postdoctoral Fellowship: Surgical Oncology. University of California at San Diego. February 1985 to June 1986

Postdoctoral Surgical Fellow: General Surgery: Hospital de La Santa Cruz y San Pablo, Autonomous University, Barcelona, Spain. 1983 - 1984

Medical Degree: University of Chile, Santiago, Chile. January 1983

#### **PREVIOUS APPOINTMENTS:**

Attending Surgeon La Paz, Bolivia, September 1992 - March 1994:

- Attending Surgeon, General and Gastrointestinal Surgery Department, Hospital Juan XXIII, University of Nuestra Señora de La Paz, 1992 - 1994
- Surgical Post Consultant, Health Unit, American Embassy, 1993 - 1994
- Staff Surgeon, General Surgery Department, Clínica Virgen de La Asuncion, 1992 - 1994

Department of, Northern California Health Care System, University of California Davis, March 1994 – 2004:

- Assistant Professor of Surgery, University of California Davis, Sacramento California, 1995 – 1999
- Attending Surgeon, Department of Surgery, Veterans Affairs, Martinez, CA 1994 - 2004
- David Grant Medical Center, Travis Air Force Base, Fairfield CA, 1994 - 1997
- Attending Consultant Surgeon, Department of Surgery, Contra Costa Regional Medical Center, Martinez, CA, 1994 to 2002

John Muir Health, Walnut Creek, California, June 1997 to July 2008:

- Director, Hepato-Biliary and Pancreas Program, John Muir Cancer Institute 2007-2008
- Co-Director, Gastrointestinal Oncology, John Muir Cancer Institute 2007-2008
- Physician Champion NSQIP for John Muir Health 2007-2008
- Director, Minimally Access and Robotic Surgery 1999 - 2008
- Director, Bariatric Surgery Program, John Muir Weight Loss Surgery Center 2002 - 2008
- Chairman, Department of Surgery, Concord Campus, 2002 - 2003
- Vice-Chairman, Department of Surgery, Concord Campus 2001 - 2002
- Staff Surgeon John Muir Health, Concord and Walnut Creek campuses 1997 to 2008

Mayo Clinic Florida July 2008 to July 2018:

- Chairman – General Surgery
- Director - Hepatobiliary and Pancreas Program

## Ugo Boggi

Division of the General and Transplant Surgery, Pisa University Hospital

### Video Symposium 3: SMA approach in laparoscopic and robotic pancreaticoduodenectomy

February 24 (Wed.) 13:10-15:10 [Room 1]

**VS3-2** SMA approach in robotic pancreatoduodenectomy

Ugo Boggi, MD, FEBS, is Professor of Surgery at the University of Pisa (Italy), where he heads the Division of the General and Transplant Surgery, and Adjunct Associate Professor of Surgery at the University of Pittsburgh (USA).

Dr. Boggi is a world-renowned, gastrointestinal and transplant surgeon with a strong expertise in the surgical treatment of hepato-biliary and pancreatic cancers as well as in pancreas and renal transplantation. Dr. Boggi practices state-of-the-art robotic surgery having performed the first world robotic pancreas transplant and the first world robotic distal selective spleno-renal shunt for the treatment of severe portal hypertension. Dr. Boggi has one of the world's largest experiences in robotic pancreatic surgery, including robotic pancreatoduodenectomy, and in extended pancreatectomies with resection of peripancreatic arteries.

Dr. Boggi published over 360 peer-reviewed articles, over 60 book chapters, and 2 books. He is member of the Editorial Board of six international scientific journals and serves as a reviewer for over forty international scientific journals. Dr. Boggi is member of National and International Surgical Societies, is deputy chair of the Innovation & Development Committee of the E-AHPBA and President of The Italian Transplant Society. Dr. Boggi organized the first world consensus conference on pancreas transplantation.

## Albert C. Y. Chan

Division of Liver Transplantation, Hepatobiliary & Pancreatic Surgery, Department of Surgery, The University of Hong Kong

### Panel Discussion 1: What is optimal multidisciplinary management of advanced HCC?

February 23 (Tue.) 13:10-15:10 [Room 2]

**PD1-1** Pushing the envelope in surgical treatment for locally advanced hepatocellular carcinoma

Dr Chan is currently the Deputy Director for Liver Transplant Center at Queen Mary Hospital. He graduated from King's College London Medical School, UK in 2001, and attained Fellowship in the Royal College of Surgeons, Edinburgh and the College of Surgeons, Hong Kong in 2008. He became Fellow of the American College of Surgeons in 2018 and attained Master of Surgery in 2019.

Dr Chan is specialized in the surgical management of hepatocellular carcinoma (HCC) by applying Living Donor Liver Transplantation (LDLT) or Complex Liver Resection. During the challenging times of COVID, he made great efforts to maintain the liver transplant service in Hong Kong while remaining cognizant for surgical innovation. He performed the first LDLT with right posterior section graft and total right hepatic vein reconstruction in Hong Kong on 24<sup>th</sup> March 2020. Prior to this, he also successfully performed the first auxiliary LDLT in 2013, and the first dual graft LDLT in 2017 in Hong Kong. Beyond the border, he collaborated with the University of Malaya, Malaysia since 2017 in an outreach project by performing LDLT in Kuala Lumpur to help startup their own LDLT program, the first of its kind in Malaysia for 20 years. Furthermore, he pioneered the use of ALPPS (Associating Liver Partition and Portal Vein Ligation for Staged Hepatectomy) procedure for patients with insufficient liver remnant contemplating for major liver resection of HCC and by now, he has accumulated and reported one of the largest single-center experience for HCC in the literature.

Dr Chan is dedicated to serve for the international surgical community. He is the Chairman of the Vanguard Committee, International Liver Transplant Society; Former President of the Asian Surgical Association; Scientific Committee Member of International Hepato-Pancreato-Biliary Association; Scientific Committee Member of Asia Pacific Primary Liver Cancer Expert Association; Member of the acute-on-chronic liver failure consortium, Asia-Pacific Association of Study of Liver as well as the Principal Investigator for the State Key Laboratory for Liver Research at the University of Hong Kong.

In terms of scholarly achievement, Dr Chan was awarded the *Dr. Abdol and Mrs. Joan Islami* International Guest Scholars by the American College of Surgeons (the first named award in the College's international guest scholarship program), and was a member of the team to receive the Faculty Outstanding Research Output Award in 2018. He was also awarded the GB Ong Travelling Fellowship in 2014 for his visit to the Memorial Sloan Kettering Cancer Center in USA, and achieved the Best Research Output in the Department of Surgery for two consecutive years from 2013-14. He has published 6 book chapters and over 170 articles in peer-reviewed journals including *Lancet Oncology*, *Annals of Surgery* and *Liver Transplantation*. He has received a number of grants including four GRF grants and two industry support grants, as well as delivery of various invited and plenary lectures in locoregional and international meetings.

## Rawisak Chanwat

Department of Surgery, National Cancer Institute, Bangkok, Thailand

### Video Session 4-1: Tips and tricks: Laparoscopic liver resection

February 23 (Tue.) 14:10-15:20 [Room 6]

**VS4-1-1** Laparoscopic anatomical subsegmentectomy

Dr. Rawisak Chanwat graduated from Chulalongkorn University, Thailand in 1998 where he also did his residency in General Surgery. In 2011, he did his clinical fellowship of Hepato-Biliary-Pancreatic Surgery at the Institute of Gastroenterology, Tokyo Women's Medical University in Japan. He serves in numerous medical organizations, including as an executive committee and secretary general of Thai Hepato-Pancreato-Biliary Surgery Society (THPBS), committee member of society of Laparoscopic and Endoscopic Surgeons of Thailand (L.E.S.T.), secretary general of International Association of Surgeons, Gastroenterologists and Oncologists (IASGO) Thailand chapter, executive board member of Mekong Endo-Surgery Development Association (MESDA) and member of the Royal College of Thai Surgeons. Currently, he is the chairman of surgical department and a HBP surgeon at the National Cancer Institute of Thailand, Bangkok, and a senior consultant at Chulabhorn Cancer Center, Bangkok.

## KuoHsin Chen

Department of Surgery, Far-Eastern Memorial Hospital, New Taipei City, Taiwan

### Panel Discussion 3: Optimal surgical method and survival outcomes for ICC

February 24 (Wed.) 9:30-11:30 [Room 2]

**PD3-1** Laparoscopic Liver resection with regional lymphadenectomy for intrahepatic cholangiocarcinoma – feasibility and current results

Affiliation, Academic appointment:

Chairman, Department of Surgery, Far-Eastern Memorial Hospital, New Taipei City, Taiwan

Chief, Division of General Surgery, Department of Surgery, Far-Eastern Memorial Hospital (since 2004)

Academic Society Membership:

President, Taiwanese Hernia Society

President, Taiwan Association for Endoscopic Surgery

Board member, Taiwan Surgical Association

Board member, Taiwan Robotic Surgery Association

Board member, Taiwan Surgical Society of Gastroenterology

Board member, Taiwan Pancreas Society

Board member, Taiwan Peritoneal Oncological Association

Instructor, Taiwan Association for Endoscopic Surgery

Instructor, Surgical Oncology, Taiwan Surgical Association

Instructor, Taiwanese Hernia Society

## Yajin Chen

Division of Hepatobiliopancreatic Surgery, Sun Yat-sen Memorial Hospital, Sun Yat-sen University, Guangzhou, China

### Symposium 3: Best strategy for multiple colorectal liver metastases with multimodal therapy and surgery

February 24 (Wed.) 13:10-15:10 [Room 2]

**SY3-1** Timing of surgical resection for Multiple CRLM: Case Report

### Mini Symposium 2: Best strategy for multiple colorectal liver metastases with multimodal therapy and surgery

**MSY2-1** Optimal timing and surgery selection for multifocal colorectal cancer liver metastases

- 1986 – 1997    Resident in General Surgery  
 Teaching Assistant in General Surgery  
 Fellowship in Hepatobiliopancreatic Surgery  
 Instructor in Hepatobiliopancreatic Surgery  
 Sun Yat-Sen Memorial Hospital, Sun Yat-Sen University, Guangzhou, China
- 1997 – 2004    Associate Professor in Hepatobiliopancreatic Surgery  
 Sun Yat-Sen Memorial Hospital, Sun Yat-Sen University, Guangzhou, China
- 2004 – present    Professor in Hepatobiliopancreatic Surgery  
 Doctoral supervisor in General Surgery  
 Director of Hepatobiliopancreatic Surgery  
 president of Hua-Nan Hepatobiliopancreatic Hospital  
 Sun Yat-Sen Memorial Hospital, Sun Yat-Sen University, Guangzhou, China

## Daniel Cherqui

Hepatobiliary Center, Paul Brousse Hospital - University Paris Saclay

### Symposium 1: Liver transplantation for HCC: New expanded indications

February 23 (Tue.) 16:40-18:40 [Room 2]

**SY1-1** Liver Transplantation for HCC : New expanded indications

### Video Symposium 1: Anatomical landmarks to safely perform laparoscopic HBP surgery

February 23 (Tue.) 9:20-11:20 [Room 1]

**VS1-3** Complex laparoscopic liver resections

### Video Session 3-2: Hepatectomy for giant HCCs and CCCs

February 24 (Wed.) 9:30-10:30 [Room 6]

**VS3-2-1** ALPPS Procedure with full first stage transection for colorectal liver metastases

**VS3-2-2** Extended left hepatectomy with bile duct resection and duct to duct reconstruction

**VS3-2-3** Extended hepatectomy with IVC resection and veno-venous bypass. Left vs right

### Video Session 4-5: Tips and tricks: Laparoscopic liver resection

February 24 (Wed.) 16:40-18:00 [Room 7]

**VS4-5-1** Laparoscopic segmentectomy 1 for large adenoma

### Video Session 4-5: Tips and tricks: Laparoscopic liver resection

February 24 (Wed.) 16:40-18:00 [Room 7]

**VS4-5-2** Laparoscopic right hepatectomy for colorectal liver metastases

Prof. Daniel Cherqui is currently Professor of Surgery at Université Paris-Sud and Surgical Director of Liver Transplantation at Paul Brousse Hospital in Villejuif-Paris France, home of the largest liver transplantation program in France. He is an internationally renowned expert with a vast personal experience in all aspects of liver transplantation and HPB surgery. He has published extensively and served as Associate Editor for the "Journal of Hepatology" 2014-2019. He is considered one of the pioneers of laparoscopic liver surgery and is the Founding President of the "International Laparoscopic Liver Society".

#### Education:

- Medical school and Residency: University of Paris
- Fellowships: 1986 Prof. Henri Bismuth's Unit – University of Paris and 1987 Prof Christoph Broelsch's Unit - University of Chicago

#### Positions held

- Chief of Liver Transplantation and HPB Surgery: Henri Mondor University Hospital, Créteil-Paris 1988-2005
- Chairman of General Surgery: Henri Mondor University Hospital, Créteil-Paris 2005-2010
- Chief of HPB Surgery and Liver Transplantation: Weill Cornell Medical Center in New York, NY USA, 2010-2013
- Surgical Director of Liver Transplantation: Paul Brousse University Hospital, 2013-

## Tan To Cheung

Department of Surgery, The University of Hong Kong, Queen Mary Hospital, Hong Kong

### Video Symposium 5: Navigation and image-guided liver surgery

February 24 (Wed.) 16:40-18:40 [Room 2]

**VS5-1** Pure laparoscopic hepatectomy with augmented reality-assisted indocyanine green fluorescence for hepatocellular

Tan To Cheung is the Chief of the Division of Hepatobiliary and Pancreatic Surgery within the Department of Surgery, Queen Mary Hospital, the University of Hong Kong, and Vice President of the Hong Kong Society of Hepatobiliary and Pancreatic Surgery and Council member of Liver Foundation. He is currently Clinical Associate Professor of the University of Hong Kong.

Dr. Cheung is a world-renowned leading experts in the field of laparoscopic liver resection for primary liver cancer. He has performed the most laparoscopic liver hepatectomies in Hong Kong with good outcome and zero mortality. He published the results of laparoscopic hepatectomies at Queen Mary Hospital in various journals, including *Annals of Surgery* twice. (More than 200 citations since 2013 and >80 citations since 2016).

## Marco Del Chiaro

Division of Surgical Oncology, Department of Surgery, University of Colorado

### Symposium 4: New criteria of resectability for pancreatic cancer

February 24 (Wed.) 9:30-11:30 [Room 3]

Moderator

### Symposium 4: New criteria of resectability for pancreatic cancer

February 24 (Wed.) 9:30-11:30 [Room 3]

**SY4-1 PDAC: Is it local extension a prognostic factor for survival?**

Marco Del Chiaro, MD, PhD, FACS is the Division Chief of Surgical Oncology, Director of the Hepato-Pancreato-Biliary program, and Professor of Surgery at the University Of Colorado School Of Medicine. He came from the Karolinska Institutet in Stockholm, Sweden, where he was the Head of the Pancreatic Surgery Unit from August of 2018.

Dr. Del Chiaro studied in Italy where he received his medical degree at University of Pisa in 1997. During this time, he completed his surgical residency program in 2003 and his PhD in 2010.

As an International recognized leader in the field of pancreatic surgery and pancreatic diseases, he has been an invited speaker at conferences around the world. Dr. Del Chiaro's major area of research interest are in the area of pancreatic cancer and cystic tumors of the pancreas. He founded the European Study Group on Cystic Tumors of the Pancreas in 2011 and organized the European Evidence Based Guidelines for Cystic Tumors of the Pancreas. He is also the founder of the Italian Registry for Familial Pancreatic Cancer and of the Young Pancreatologist Platform in Europe.

Dr. Del Chiaro is a well-known surgeon for the treatment of locally advanced pancreatic cancer. He has received several research grants for clinical and translational research in pancreatic diseases. As a pioneer in developing new diagnostic modality for cystic tumors, he has written of pancreatic specialty areas such as metabolomics and bacterial DNA analysis.

Having served on the editorial boards of several journals in the field of surgery, Dr. Del Chiaro has authored or co-authored more than 140 peer reviewed scientific papers and authors of books and book's chapters. He is currently on the board of several scientific societies, including American College of Surgeons (ACS), United European Gastroenterology (UEG), European Pancreatic Club (EPC), and the International Association of Pancreatology (IAP).

## Palanivelu CENTRE Chinnusamy

GEM Hospital and Research centre

### Video Symposium 1: Anatomical landmarks to safely perform laparoscopic HBP surgery

February 23 (Tue.) 9:20-11:20 [Room 1]

**VS1-2** Anatomical landmarks to safely perform Laparoscopic HBP surgery

Fellowship Ad-Hominum by Royal College of Surgeons of Edinburgh, UK 2004

Honorary Causa -PhD Doctorate of Health Science by Anglia Ruskin university Oxford UK 2015

Best awarded the award of "Top Great contributor" in the field of MIS during world congress of IFSES at Paris

Honorary Member of Association of Laparoscopic Society of Great Britain and Ireland ALSGIBI and Surgical Society of Brazil

First to perform totally Laparoscopic Whipple operation in the world and presented the video during SAGES Atlanta 2000.

Performed the first laparoscopic Choledochal cyst excision in adult, presented the video SAGES Congress St Louis US, 2001

Best paper Award for modified cholecystectomy at the 6th world congress of endoscopic surgery, Rome Italy 1998.

Olympic Silver Medal winner, at International Olympic Minimal Access Surgery competition in 2009

Editorial member for international journals and published 180 original articles in the leading international Journals.

## David A. Geller

University of Pittsburgh, Pittsburgh, PA, USA

### Debate 1: Liver metastases from colorectal cancer: Upfront surgery vs. neoadjuvant

February 23 (Tue.) 10:20-11:20 [Room 2]

**D1-1** Upfront Surgery should be offered for resectable colorectal cancer liver metastases (CRLM).

Dr. Geller is the Richard L. Simmons Professor of Surgery at the University of Pittsburgh School of Medicine. He serves as Chief of the Division of Hepatobiliary and Pancreatic Surgery, and Director of the UPMC Liver Cancer Center. Clinically, he specializes in laparoscopic liver resection surgery. His research interests include molecular mechanisms of hepatic ischemia/ reperfusion injury, and liver cancer cell biology. Dr. Geller is a member of many professional societies including the Society of University Surgeons (President 2009-2010), ASA, ASTS, SSO, AHPBA, IHPBA, SSAT, and ASCI. Dr. Geller has published 370 scientific papers and chapters, and has presented at more than 400 meetings or seminars. He has active research funding from the NIH.

## Brian K. P. Goh

Department of Hepatopancreatobiliary and Transplant Surgery, Singapore General Hospital  
National Cancer Center Singapore / Duke-National University of Singapore, Singapore

### Video Session 6-1: Tips and tricks: Laparoscopic distal pancreatectomy

February 24 (Wed.) 13:00-14:10 [Room 6]

**VS6-1-1** Tips and tricks: Laparoscopic distal pancreatectomy

### Selected Oral 04: Pancreas 1

**S004-1** Lessons learned from the adoption of laparoscopic and robotic pancreatic surgeries: experience with 200 consecutive cases at Singapore General Hospital

### Selected Oral 10: Liver 3

**S010-1** Lessons learned from the adoption of minimally-invasive hepatectomies: experience with 600 consecutive cases at Singapore General Hospital

Professor Goh is presently Director of Solid Organ Transplant at the Singhealth-Duke National University of Singapore Transplant center. He underwent fellowship training in both HPB surgery at Singapore General Hospital and the American Society of Transplant Surgeons accredited abdominal organ transplant (liver, kidney, pancreas) fellowship program at the Mayo Clinic Rochester. He is a highly-experienced subspecialty surgeon having performed over 1200 major HPB/transplant surgeries since completing surgical training and become a board-certified surgeon. Dr Goh is presently one of the key-developers and leaders of minimally-invasive HPB surgery in Southeast Asia. He is also a pioneer of the application of robotic HPB surgery in the region and has performed over 500 major laparoscopic/robotic HPB/transplant surgeries including over 100 robotic procedures as the principal surgeon.

Dr Goh has a Master of Science in research and is active in both clinical and translational research. He has held over SGD 50M in grant funding and has authored/co-authored over 270 PubMed-indexed articles. He has a H-index of 47 and his work has been cited over 6000 times. He has delivered close to 200 scientific presentations at international scientific meetings and has received several international awards in recognition of his contributions to the field.

## Ho-Seong Han

Department of Surgery, Seoul National University, Seoul, Korea

### Symposium 5: Difficulty assessment of HBP surgery

February 24 (Wed.) 16:40-18:40 [Room 4]

**SY5-1** When Should We Choose Laparoscopic Liver Resection?

- 2003- Present. Professor of Department of Surgery  
Seoul National University College of Medicine  
Seoul National University Bundang Hospital(SNUBH)
- 2012- 2016 Director of Comprehensive Cancer Center of SNUBH
- 2013- 2016 Vice President of SNUBH.
- 2019- Present Director of Korean Armed Forces Capital Hospital

Immediate Past President, Korean Society of HBP Surgery (2019- 2020)

President (Current) & Chairman of Board of Directors (2014 – 2016), Korean Society of Surgical Oncology

Chairman of Board of Directors, Korean Society of Laparoscopic & Endoscopic Surgeons (2016 – 2018)

#### EDITORIAL BOARD:

Editor, Ann Surg (2017- Present), Surgery (2018- Present), Associate Editor of Digestive Surgery(2017- Present) Journal of HBPS (2012 – Present), Surgical Oncology (2013- Present), Scientific Advisory Board (Asian Pacific Region), Annals of Surgical Oncology(2011 – Present)

## Sung-Sik Han

Department of Surgery, National Cancer Center, Korea

### Debate 2: Resectable pancreatic cancer: Upfront surgery vs. neoadjuvant therapy

February 23 (Tue.) 13:10-14:10 [Room 3]

**D2-1** Upfront surgery for resectable pancreatic cancer

#### EMPLOYMENT HISTORY

Apr. 2006-present: Staff surgeon in National Cancer Center (Center for Liver Cancer)

May. 2004 – Feb. 2006 : Clinical Fellow in Dept. of Surgery, Seoul National University Hospital

Mar. 1997 – Feb. 2001: Surgical Resident in Seoul National University Hospital

#### EDUCATION AND QUALIFICATIONS

Mar. 2005 – Feb. 2008: Graduated from Seoul National University (Ph.D)

Mar.2000 – Feb. 2005: Graduated from Seoul National University (MS)

Mar. 1990 – Feb. 1996: Graduated from Seoul National University (MD)

## Jin He

Department of Surgery, Johns Hopkins University School of Medicine, Baltimore, USA

### Video Symposium 4: Lymph node and nerve plexus dissection with the SMA nerve plexus preservation for resectable

February 24 (Wed.) 16:40-18:40 [Room 1]

**VS4-1** Selected approach for nerve plexus dissection during Whipple surgery.

Jin He, MD, PhD, FACS works at the Johns Hopkins University School of Medicine. He is a surgical oncologist specializing in the treatment of cancers and diseases of the liver, gallbladder, biliary system, pancreas, and stomach. He performs open as well as minimally invasive (robotic and laparoscopic) surgery, including the Whipple procedure.

Dr. He is actively involved in clinical research to improve patient outcomes. His research focuses on personalized treatment through stratifying pancreatic tumors on their molecular features. He holds several patents in anti-cancer vascular targeting agents and has published extensively in peer-reviewed journals and lectured internationally. He serves on several national committees including the NCCN panel on neuroendocrine tumors. He is the editorial board member of several surgical journals including *Annals of Surgical Oncology* and *Journal of Gastrointestinal Surgery*.

## Jin-Young Jang

Department of Surgery, Seoul National University College of Medicine, Seoul, Korea

### Debate 2: Resectable pancreatic cancer: Upfront surgery vs. neoadjuvant therapy

February 23 (Tue.) 13:10-14:10 [Room 3]

Moderator

### Panel Discussion 2: What is the optimal preoperative treatment for resectable and borderline resectable pancreatic cancer?

February 23 (Tue.) 16:40-18:40 [Room 3]

**PD2-1** What is the optimal preoperative treatment for resectable and borderline resectable pancreatic cancer

#### Current Position:

- 2013-present Professor, Department of Surgery,  
Seoul National University College of Medicine.
- 2015-present Member, Scientific Committee  
Pancreas Club
- 2017- present Chair, Research Committee  
Korean Association of HBP Surgery
- 2017- 2019 Chair, Scientific Committee  
Asia Pacific Hepato-Pancreato-Biliary Association (A-PHPBA) 2019
- 2017-present Director, Korea-Japan Collaboration Study Group for HBP Surgery
- 2018-present Member, Scientific Committee,  
International Hepato-Pancreato-Biliary Association (IHPBA) 2020

#### Past Position:

- 2015- 2017 Chair, Scientific Committee, Korean Association of HBP Surgery
- 2015-2017 Director of Clinical Services, Seoul National University Cancer Hospital.
- 2009-2011 Secretary General, Korean Association of Hepato-biliary-pancreas Surgery
- 2008-2009 Visiting Assistant Professor  
M.D. Anderson Cancer Center, University of Texas, Dept of Cancer Biology
- 2002-2013 Assistant & Associate Professor, Department of Surgery,  
Seoul National University College of Medicine

#### Education:

- 1987, Mar. - 1994, Feb. M.D. Seoul National University College of Medicine, Seoul, KOREA
- 1997, Mar. - 1999, Feb M.S. Seoul National University College of Medicine, Seoul, KOREA
- 1999, Mar. - 2001, Aug Ph.D. Seoul National University College of Medicine, Seoul, KOREA

#### Postdoctoral Training:

- 1994, Mar. - 1995, Feb. Internship in Seoul National University Hospital, Seoul, KOREA
- 1995, Mar. - 1999, Feb. Residency in General Surgery, Seoul National University Hospital, Seoul, KOREA
- 1999, Mar. - 2001, Feb Fellowship in Biliary tract & pancreas Surgery, Seoul National University Hospital, Seoul, KOREA

#### Research Training:

- 2000, Mar. - 2001, April Researcher in Cancer Research Institute, Seoul National University College of Medicine, Seoul, KOREA
- 2001, April - 2002, Mar Guest Researcher and Visiting scientist  
Genetic division, National Cancer Center, Tokyo, Japan  
(Preceptors : D Yoshida)

#### Publications

- 400 scientific articles including 350 articles in SCI(E) journal
- 12 medical book chapters

## Chang Moo Kang

Division of Hepatobiliary and Pancreatic Surgery, Yonsei University College of Medicine

### Special Session 1: Open discussion with Asian U-40 surgeons -Prevention of pancreatic fistula development-

February 23 (Tue.) 13:10-15:10 [Room 1]

Moderator

### Workshop 2: Evidence-based management of postoperative drainage in HBP surgery

February 23 (Tue.) 9:20-11:20 [Room 4]

#### **WS2-1** Evidence-based management of postoperative drainage in pancreatic surgery

- 1997: Graduated Yonsei University College of Medicine, Seoul, Korea
- 2005- 2006: Research fellow, department of surgery, Yonsei University College of medicine
- 2006-2007: Instructor, Department of surgery, Yonsei University College of medicine
- 2007-2015.2: Assistant professor, Department of surgery, Yonsei University College of medicine
- 2011.8 -2012.8: Clinical and Research Fellowship in Division of Surgical Oncology, UCSD Moores Cancer Center, San Diego, USA
- 2015.3-2019.2: Associate professor, Division of Hepatobiliary and Pancreatic Surgery, Department of Surgery, Yonsei University College of medicine
- 2019.3- Professor, Division of Hepatobiliary and Pancreatic Surgery, Department of Surgery, Yonsei University College of medicine
- 2019.3- Director, Pancreatobiliary Cancer Center, Yonsei Cancer Center, Severance Hospital, Seoul, Korea

#### Major Research Field:

- Pancreatic cancer surgery
- Minimally invasive (robotic & laparoscopic) pancreatic surgery
- RON receptor tyrosine kinase in pancreatic cancer carcinogenesis
- Tumor metabolism-targeted therapy in pancreatic cancer
- Pancreatic cancer biomarker
- Potential application of ketogenic diet in pancreatic cancer

#### Live Demonstration

- Robotic spleen-preserving distal pancreatectomy 2010-07-15, Yonsei Robotic Surgery Live, Korea
- Robotic central pancreatectomy 2013-09-05, IAP & KPBA, Korea
- Robotic single site cholecystectomy 2013-10-21, Yonsei Robotic Surgery Live, Korea
- Laparoscopic distal pancreatectomy 2014-09-18, 6<sup>th</sup> Japan-Mongolia International Symposium in GI tract cancer, Mongolia
- Laparoscopic pancreaticojejunostomy (duct-to-mucosa)-Unedited video 2014-08-29 Korea-Japan collaborative international symposium, Korea
- Robotic single site cholecystectomy- Yonsei Robotic Surgery Live 2014
- Robotic single site cholecystectomy-Yonsei Robotic Surgery Live 2015 [Unedited video]
- Robotic PPPD (laparoscopic resection+ robotic PJ, HJ) International Robotic Surgery Live 2017
- Revo-i (Korean Robotic System, meeraecompany) assisted PPPD at International Robotic Surgery Live 2019

## Michael L. Kendrick

Department of Surgery, Mayo Clinic College of Medicine

### Video Symposium 3: SMA approach in laparoscopic and robotic pancreaticoduodenectomy

February 24 (Wed.) 13:10-15:10 [Room 1]

**VS3-1 SMA APPROACH IN LAPAROSCOPIC AND ROBOTIC PANCREATODUODENECTOMY**

#### Present Academic Rank and Position

<b>Professor of Surgery</b> - Mayo Clinic College of Medicine and Science	01/2014 - Present
<b>Consultant</b> - Division of Hepatobiliary and Pancreas Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	01/2017 - Present
<b>Master's Faculty Privileges in Clinical &amp; Translational Science</b> - Mayo Clinic Graduate School of Biomedical Sciences, Mayo Clinic College of Medicine and Science	06/2017 - Present
<b>Chair</b> - Department of Surgery, Mayo Clinic, Rochester, Minnesota	12/2019 - Present

#### Education

University of Utah - BS, Molecular Biology	1989 - 1993
George Washington University - MD	1993 - 1997
George Washington University - Clinical Research Fellowship	1994
Mayo Clinic in Rochester - Internship, General Surgery	1997 - 1998
Mayo Clinic in Rochester - Resident, General Surgery	1998 - 2002
Division of Subspecialty General Surgery, Department of Surgery - Postgraduate Research Fellow, Laboratory of Dr. Michael G. Sarr, GI Physiology	1999 - 2000
Mayo Clinic in Rochester - Chief Resident, General Surgery	2002 - 2003

#### Additional Education

Visiting Clinician - Hepatobiliary Surgery Beaujon Hospital, Clichy, France	05/2003
Visiting Clinician - Laparoscopic Gastrointestinal Surgery Louis Pasteur University Hospital, Strasbourg, France	06/2003
Visiting Clinical Fellow - Advances Laparoscopy Mount Sinai School of Medicine, New York, New York	07/2003 - 09/2003
Visiting Clinician - Hepatobiliary Surgery St-Luc University Hospital, Brussels, Belgium	11/2003
Visiting Clinician - Hepatobiliary Surgery Henri Mondor Hospital, Paris, France	11/2003
Visiting Clinician - Laparoscopic Gastrointestinal Surgery Clovis Hospital, Fresno, California	11/2003

#### Previous Professional Positions and Major Appointments

<b>Mayo Foundation Scholar</b> - Division of Subspecialty General Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	2003
<b>Senior Associate Consultant</b> - Division of Subspecialty General Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	11/2003 - 11/2006
<b>Assistant Professor of Surgery</b> - Mayo Clinic College of Medicine and Science	07/2004 - 06/2010
<b>Teaching/Examining Privileges of Clinical Research</b> - Mayo Clinic Graduate School of Biomedical Sciences, Mayo Clinic College of Medicine and Science	04/2005 - 06/2007
<b>Consultant</b> - Division of Subspecialty General Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	11/2006 - 12/2016
<b>Teaching/Examining Privileges of Clinical &amp; Translational Science</b> - Mayo Clinic Graduate School of Biomedical Sciences, Mayo Clinic College of Medicine and Science	06/2007 - 06/2017
<b>Associate Professor of Surgery</b> - Mayo Clinic College of Medicine and Science	07/2010 - 12/2013
<b>Head, Section of Hepatobiliary and Pancreatic Surgery</b> - Division of Subspecialty General Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	08/2010 - 08/2011
<b>Chair</b> - Division of Subspecialty General Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	01/2011 - 12/2016
<b>Chair</b> - Division of Hepatobiliary and Pancreas Surgery, Department of Surgery, Mayo Clinic, Rochester, Minnesota	01/2017 - 03/2020

## Ji Hoon Kim

Center for Liver and Pancreatobiliary Cancer, National Cancer Center, Republic of Korea

### Video Session 4-2: Tips and tricks: Laparoscopic liver resection

February 23 (Tue.) 9:20-10:30 [Room 7]

**VS4-2-1** Pure laparoscopic subsegmentectomy V for deeply located hepatocellular carcinoma surrounded by the anterior and posterior Glissonean pedicle and the middle hepatic vein (Video)

## CURRICULUM VITAE

Ji Hoon Kim, M.D.

Center for Liver and Pancreatobiliary Cancer, National Cancer Center

## EDUCATION & DEGREES:

1997-2003 M.D., Dankook University College of Medicine

2003-2004 Intern, Seoul Asan Hospital

2006-2010 Resident, Department of Surgery, Seoul National University Hospital

2010-2012 Fellow, Department of surgery, hepatobiliary Seoul National University Bundang Hospital

2012- 2015.9 Clinical Assistant Professor, Department of surgery, ChungBuk National University Hospital

2015.10 - 2020.05 Assistant Professor, Department of surgery, EULJI University Hospital

2020.08 - Center for Liver and Pancreatobiliary Cancer, National Cancer Center

## Sun-Whe Kim

Center for Liver and Pancreatobiliary Cancer, National Cancer Center, Goyang, Korea

### Symposium 4: New criteria of resectability for pancreatic cancer

February 24 (Wed.) 9:30-11:30 [Room 3]

**SY4-2** A perspective on evolution of resectability criteria for pancreatic cancer

Emeritus Professor, Dept of Surgery, Seoul National Univ. College of Medicine (SNU-MED), Seoul National Univ. Hospital (SNUH), Invited Specialist, Center for Liver and Pancreatobiliary Cancer, National Cancer Center (NCC), Korea

#### EDUCATION / TRAINING and EXPERIENCE

1978 MD, Seoul National Univ. College of Medicine, 1983 Board of Surgery, 1989 Ph.D. in Surgery  
 1986 – 2019 Assistant Prof., Associate Prof., Professor, Dept. of Surgery, SNUH, SNU-MED (2006 - 2012 Prof. & Chairman, Dept. Surgery, SNUH  
 2019 - Invited Specialist, Center for Liver and Pancreatobiliary Cancer, NCC,

#### MEMBERSHIP and ACTIVITY IN ACADEMIC SOCIETY

Past Presidency, Korean Surgical Society,, Korean Society of Endoscopic and Laparoscopic Surgeons  
 Korean Association of HBP Surgery, Korean Society of Gastroenterology, Korean Pancreas Surgery Club.  
 President, Congress of AOPA (2011), Congress of IAP (2013), Vice-President, Congress of IHPBA (2014)

## David A. Kooby

Surgical Oncology, Emory University School of Medicine, Winship Cancer Institute

### Workshop 5: Perioperative nutrition management in HBP surgery

February 24 (Wed.) 13:10-15:10 [Room 4]

**WS5-1** Perioperative care of HPB Surgical Patients: Optimizing Outcomes

#### Academic Appointment:

- i. Professor of Surgery, Department of Surgery, Division of Surgical Oncology, Emory University School of Medicine; 2014- Present

#### Clinical Appointments:

- i. Attending Surgeon, Emory University Hospital 2003- Present
- ii. Attending Surgeon. Atlanta VA Medical Center 2003-2013
- iii. Attending Surgeon, Emory University Midtown Hospital 2003- Present
- iv. Director of Minimally Invasive Gastrointestinal Oncology Surgery Department of Surgery, Emory University School of Medicine 2009- Present
- v. Attending Surgeon, Emory Saint Joseph's Hospital 2012-Present
- vi. Attending Surgeon, Emory John's Creek Hospital 2012-Present
- vii. Director of Surgical Oncology, Emory Saint Joseph's Hospital 2013-Present
- viii. Chief of Emory Surgery, Northern Arc 2015-Present
- ix. Section Chief of General Surgery, Emory Saint Joseph's Hospital 2016-2018
- x. Board member, Emory Saint Joseph's Hospital, 2018-Present
- xi. Chief of Surgery, Emory Saint Joseph's Hospital, 2019-2021
- xii. Vice Chief of Staff, Emory Saint Joseph's Hospital, 2021-Present
- c. Previous Academic and Professional Appointments:
  - i. Assistant Professor of Surgery, Department of Surgery, Division of Surgical Oncology, Emory University School of Medicine; 2003-2009
  - ii. Associate Professor of Surgery, Department of Surgery, Division of Surgical Oncology, Emory University School of Medicine; 2009-2014

#### Previous Academic and Professional Appointments:

- i. Assistant Professor of Surgery, Department of Surgery, Division of Surgical Oncology, Emory University School of Medicine; 2003-2009
- ii. Associate Professor of Surgery, Department of Surgery, Division of Surgical Oncology, Emory University School of Medicine; 2009-2014

#### Previous Administrative and/or Clinical Appointments:

- i. Attending Surgeon, Atlanta VA Medical Center 2003-2013

#### Licensure/Boards:

- i. New York (Voluntary Inactive 2003)
- ii. Georgia (Active 2003- License number supplied upon request)

#### Specialty Boards:

- i. General Surgery 2003-2013
  1. Recertification exam passed 12/06/2012
- ii. SSO-approved certificate in surgical oncology, issued 6/30/2008

#### Education:

- i. 1985-1989 Bachelor of Arts (Biology-Psychology), Columbia University, New York, New York
- ii. 1990-1994 Doctor of Medicine, State University of New York, Downstate Medical College, Brooklyn, New York

## Jin Hong Lim

Department of HBP Surgery, Gangnam Severance Hospital, Yonsei University College of Medicine, Seoul, South Korea

### Video Symposium 2: Laparoscopic cholecystectomy for severe acute cholecystitis

February 23 (Tue.) 13:10-15:10 [Room 4]

**VS2-1** How can laparoscopic cholecystectomy be performed without open conversion in patients with acute cholecystitis?

#### Medical qualifications

- 2003 Yonsei University College of Medicine (Doctor of Medicine)
- 2007 Yonsei University Graduate School Department of Medicine (Master in Surgery)
- 2018 Yonsei University Graduate School Department of Medicine (doctor of Philosophy)

#### Medical appointments

3.2003 – 2.2004	Internship	Yonsei University College of Medicine
3.2004 – 2.2008	Residency	Yonsei University College of Medicine
3.2008 – 4.2011	Consultant	National Forensic Service
5.2011 – 2.2013	Fellowship	Yonsei University College of Medicine
3.2013 – 4.2016	Professor	Yongin Severance hospital
5.2016 –now	Professor	Gangnam Severance hospital

## Rong Liu

The Faculty of Hepatopancreatobiliary Surgery, Chinese PLA General Hospital

### Special Session 2: Advanced HBP surgery -New surgical device, Robotic surgery-

February 23 (Tue.) 16:40-18:40 [Room 1]

**SS2-1 Robotic pancreatectomy for pancreatic cancer - operative approach and technique in a high volume center**

Prof. Rong Liu is the Director of Faculty of Hepatopancreatobiliary Surgery, Chinese PLA General Hospital.

Working in the front line of the clinical and scientific research for 36 years. Prof. Liu established the integrated HPB invasive surgical system and innovated various types of HPB surgeries. Prof. Liu has performed more than 10000 cases of HPB surgery, including over 5000 cases of complex minimally invasive surgery. Up to now, more than 4000 cases of robotic HPB surgery had been performed by his team, ranking the first in terms of the total number in the world. Prof. Liu held "Beijing International Minimally Invasive Surgery Forum" every year, which attracted experts from various developed countries and regions to visit and learn.

## Wenhui Lou

Department of Pancreatic Surgery, Zhongshan Hospital, Fudan University, Shanghai, China

### Workshop 3: Safety of the conversion surgery for unresectable pancreatic cancer

February 24 (Wed.) 13:10-15:10 [Room 3]

**WS3-1 Conversion surgery for unresectable pancreatic cancers, when is the optimal time to operate?**

Wenhui Lou MD, Ph.D, Professor of Surgery, Director of Department of Pancreatic Surgery; Vice-Director, Department of General Surgery, Zhongshan Hospital, Fudan University. Graduated from Shanghai Medical University in 1992. Accepted his residential and fellow training in Zhongshan Hospital. Since 2001, he focused his professional career in the field of pancreatic neoplasm and neuroendocrine tumors. From 2016, he is the of Vice-Chair of Shanghai Surgical Association; Vice-Chair of Chinese Society of Neuroendocrine Tumor; Vice-Chair of Chinese Pancreatic Surgery Society, Fellow of Chinese College of Surgery; Member of Steering Committee, Pancreatic Disease Branch, Chinese Medical Doctor Association. He is also a member of IHPBA, in past ten years, he has published more than 70 papers in international magazine as first author/corresponding author in the field of pancreatic neoplasm.

## Joon Seong Park

Pancreatobiliary Cancer Clinic, Department of Surgery, Gangnam Severance Hospital, Yonsei University, Seoul, Korea

### Symposium 2: Optimal preoperative biliary drainage for malignant biliary obstruction in HBP surgery

February 23 (Tue.) 16:40-18:40 [Room 4]

**SY2-1** Optimal preoperative biliary drainage for malignant biliary obstruction in HBP surgery

As an oncological surgeon-scientist, I was trained in Cancer Biology for studying pancreatic cancer and translational medicine. Based on more than 15 years of clinical experience in treating HBP cancer patients, now I am developing molecular diagnostics which is clinically usable to identify distinct prognostic and predictive subgroups to particular treatment within the identical clinical stage. The overarching goal of my research is to identify potential diagnostic and therapeutic targets and to develop clinical relevant prognostic or predictive markers as well as valid targets for novel therapeutics. To this end, I have been collaborating with a number of researchers in diverse discipline: cell biology, molecular biology, pathology and engineering etc. Based on these platforms, I orchestrate novel cancer therapeutics development specially for therapy refractory pancreatic cancers.

## Shailesh Vinayak Shrikhande

GI, HPB Surgical Service & Division of Cancer Surgery, Tata Memorial Hospital

### Workshop 4: How to determine the transection line for IPMN

February 24 (Wed.) 16:40-18:40 [Room 3]

**WS4-1** Practical approach to managing the transection line in IPMN

Professor Shailesh V. Shrikhande is the Deputy Director of Tata Memorial Hospital and the Head of Division of Cancer Surgery and also Chief of GI and HPB (Gastro Intestinal Hepato Pancreato Biliary Surgical Service). He received specialist training in Pancreatic Research and Pancreatic Surgery at the University of Bern, Switzerland and the University of Heidelberg, Germany. He was the first Asian to be awarded the Kenneth Warren Fellowship of the International Hepato-Pancreato-Biliary Association (IHPBA) in 2005. He was awarded Doctor of Medicine (magna cum laude) by the University of Heidelberg for his original clinical and basic research on chronic pancreatitis and pancreatic cancer in 2006.

He is now a full Professor of Surgical Oncology since 2010 at Tata Memorial Centre in Mumbai. He is one of the few surgeons worldwide to have successfully performed over 1000 Whipple operations. Prof. Shrikhande continues to deliver teaching lectures as an invited guest speaker and faculty in India and abroad for the past 18 years. He has conducted over 50 Live Operative teaching demonstrations of complex pancreatic surgeries across the length and breadth of India especially in tier 2 and tier 3 cities in an effort to make these surgeries cheaper and more accessible to the common man in a standardized fashion. He has been invited as a visiting Professor to 8 prestigious institutions in Europe, the far east, USA and delivered 20 Keynote lectures and Orations. Prof. Shrikhande has been the Chief Editor of 9 educational books in Oncology, has authored 71 book chapters and has 260 scientific publications in leading international journals. His scientific impact is recognized worldwide given his h index of 31.

To promote awareness on pancreatic tumors in Asia, he founded the website [www.pancreaticcancerindia.com](http://www.pancreaticcancerindia.com) both for professionals and lay people. He is the Chairman of the Indian Council Medical Research (ICMR) committee for developing guidelines for management of Pancreatic and Gastric Cancer in India. He is the Associate Editor of Langenbecks Archives of Surgery and also on editorial boards of leading international journals of GI and HPB surgery. He is the President of the Indian Chapter of IHPBA. He is the Chairman of the Scientific Committee of the International Hepato-Pancreato-Biliary Association and treasurer of the Asia Pacific Hepato-Pancreato-Biliary Association. In recognition of his work on pancreatic cancer and digestive cancer surgery in India, he was awarded Honorary Fellowship of the Royal College of Surgeons of England in 2014 (FRCS – Ad Eundem).

He will be awarded Honorary Fellowship of American Surgical Association (ASA) in Seattle in April 2021. He is the first HPB specialist and only the second Indian to receive this prestigious honour.

In addition to his surgical and educational pursuits, he currently spearheads the Tata Memorial Centres expansion plan which shall comprise of a 550 bed state of the art hospital (60 percent poor patients would be treated at this referral centre), doctors and Nurses Quarters and even a Dharamshala for poor patients in Mumbai.

## Kyung-Suk Suh

Department of Surgery, Seoul National University Hospital, Seoul, Korea

### Symposium 1: Liver transplantation for HCC: New expanded indications

February 23 (Tue.) 16:40-18:40 [Room 2]

**SY1-2** Pure laparoscopic living donor right hepatectomy : single-center experience on 300 patients

### Video Session 1-1: Tips and tricks: Living donor liver transplantation

February 23 (Tue.) 13:10-14:10 [Room 5]

**VS1-1-1** Living donor liver transplantation using Right anterior graft in donors with expected small remnant volume and anatomic variations

Prof. Kyung-Suk Suh is a Professor of Department of Surgery, Seoul National University College of Medicine.

Prof. Suh graduated from Seoul National University College of Medicine with his medical degree in 1984 and completed his internship and residency in Department of Surgery at Seoul National University Hospital, receiving his diploma in General Surgery in 1989.

Since 1993, Prof. Suh held a number of professional positions at the Seoul National University Hospital in Seoul, including instructor, assistant Prof., associate Prof., Prof., chairman of Department of Surgery Seoul national university College of Medicine, Chief of Seoul National University Hospital Transplant Center and Director of Seoul National University Cancer Hospital.

Since 2011, Prof. Suh have been taking a number of roles, including Director of the International affairs in Korean Society of Organ Transplantation (2011-), Chairman in Korean Association of HBP Surgery(2015-2017), President of the International Living Donor Liver Transplantation Study Group(2015-2017) and Chairman of Korean Surgical Society(2016-2018).

Prof. Suh's major fields of interest are Liver Transplantation, Oncological Surgery for Hepato-biliary Carcinoma and minimal invasive surgery.

## Chung-Ngai Tang

Department of Surgery, Pamela Youde Nethersole Eastern Hospital

### Video Symposium 4: Lymph node and nerve plexus dissection with the SMA nerve plexus preservation for resectable

February 24 (Wed.) 16:40-18:40 [Room 1]

#### **VS4-2** Standardization and Systematic lymph node dissection in Robotic Pancreaticoduodenectomy

#### Current Appointments

- Senior Consultant & Clinical Stream Coordinator (Surgical), Hong Kong East Cluster
- Director of Minimal Access Surgery Training Centre (MASTC)
- Director of HKEC Training Centre for Healthcare & Clinical Technology
- Past Chief of Service & Deputy Hospital Chief Executive of Pamela Youde Nethersole Eastern Hospital
- Honorary Clinical Associate Professor (The Chinese University of Hong Kong)
- Honorary Clinical Associate Professor (The University of Hong Kong)
- Founding President of the Hong Kong Society of Robotic Surgery (HKSRS)
- Past President of Clinical Robotic Surgery Association (CRSA)
- Council Member & Chairmen of Robotic Subcommittee of International Laparoscopic Liver Surgery (ILLS)
- President of Asia-Pacific Association of Robotic Surgeons (APARS)

Dr Tang is the Director of Minimal Access Surgery Training Centre (MASTC) at Pamela Youde Nethersole Eastern Hospital, Hong Kong SAR, China. Dr Tang specializes in Hepatobiliary & Pancreatic Surgery and General Surgery. He is the first qualified Robotic General Surgeon and the pioneer of MAS Hepatobiliary & Pancreatic Surgery in Hong Kong. Dr Tang has accumulated more than 800 cases of robot-assisted hepatobiliary & pancreatic surgery / general surgery since 2009. He published extensively on MAS HBP surgery with more than 125 original publications in peer-reviewed journal / book chapter, and delivered more than 200 invited lectures on laparoscopic and robot-assisted surgery in local and international symposia. He founded the Hong Kong Society of Robotic Surgery in 2014 and he is also the Past President of Clinical Robotic Surgery Association (CRSA) and current President of Asia-Pacific Association of Robotic Surgeons (APARS).

## Shin-E Wang

Department of Surgery, Taipei Veterans General Hospital, Taipei, Taiwan

### Video Symposium 3: SMA approach in laparoscopic and robotic pancreaticoduodenectomy

February 24 (Wed.) 13:10-15:10 [Room 1]

#### **VS3-3 SMA Approach for Mesopancreas Dissections in Robotic Pancreaticoduodenectomy**

Dr. Shin-E Wang was graduated from National Yang Ming University in 2002, and completed her surgical residency at Taipei Veterans General Hospital from 2002 to 2007. She is currently working as an associate professor, Chief of minimally Invasive Surgery and attending surgeon in the division of General Surgery, Taipei Veterans General Hospital and National Yang Ming University. Her major interests include minimal invasive surgery including robotic and laparoscopic surgery, pancreas surgery and pancreas transplant. Her pancreas team is very actively involved in minimal invasive surgery, especially robotic Whipple operation (more than 370 RPD cases) and pancreas transplant (more than 167 cases). She was the experts committee member in International Evidence-Based Guidelines for Minimally Invasive Pancreatic Resection 2019 (IG-MIPR 2019), held at Miami.

## Anusak Yiengpruksawan

Capital Health Cancer Center, Pennington, New Jersey, USA

### Video Session 8: Tips and tricks: Pancreatic reconstruction

February 24 (Wed.) 10:40-11:50 [Room 7]

**VS8-1 Pancreatic Reconstruction: Tips and Tricks**

Anusak Yiengpruksawan, M.D. is currently an adjunct clinical professor in Department of Surgery, Siriraj Hospital, Mahidol University and a surgical consultant at the Capital Health Cancer Center, One Capital Way, Pennington, New Jersey, USA. Dr. Yieng graduated from Tohoku University School of Medicine in Japan and did his fellowships in gastrointestinal cancer surgery at Toranomon Hospital (Tokyo, Japan) and surgical oncology at Memorial Sloan-Kettering Cancer Center. Prior to Thailand, he directed a surgical oncology and robotic surgery programs at the Valley Hospital in New Jersey, USA. He is one of the founding members of the Clinical Robotic Surgical Association (CRSA). He has written and edited book chapters, and presented in many international meetings on robotic surgery. Dr. Yieng was awarded an honorary fellow of the Royal College of Surgeons of Thailand in 2014 for his contribution to Thai surgical community.

## Yoo-Seok Yoon

Department of Surgery, Seoul National University Bundang Hospital, Korea

### Workshop 1: Surgical management for pancreatic neuroendocrine tumor

February 23 (Tue.) 9:20-11:20 [Room 3]

**WS1-1** Surgical treatment of sporadic nonfunctioning pancreatic neuroendocrine tumor

Dr. Yoo-Seok Yoon graduated from the Seoul National University College of Medicine in 1997. After that, he completed his surgical residency and fellowship training at the Seoul National University Hospital from 1998 to 2004. He is currently working as a professor in the department of surgery, Seoul National University Bundang Hospital. His primary clinical interests include pancreatobiliary surgery, with a special interest in laparoscopic surgery including pancreatoduodenectomy, distal pancreatectomy, and various kinds of biliary surgery. His team is actively performing the laparoscopic HBP surgery and is known as one of leading groups in this field. He published approximately 180 articles related to HBP surgery in highly ranked international medical journals.

## Jun Yu

Department of Surgery, Johns Hopkins University School of Medicine

### Symposium 4: New criteria of resectability for pancreatic cancer

February 24 (Wed.) 9:30-11:30 [Room 3]

**SY4-3** Germline DDR genes mutations of pancreatic cancer

#### Education and Training

##### Doctoral/graduate

- 2003 M.D., Gannan Medical University, Ganzhou, P.R. China
- 2009 Ph.D., Kyushu University, Surgery and Oncology, Fukuoka, Japan

##### Postdoctoral

- 2002-2003 Intern, Ganzhou Municipal Hospital, Ganzhou, China
- 2003-2004 Resident, General Surgery, The People's Hospital of Anyi, Anyi, China
- 2010-2013 Postdoctoral Research Fellow, GI/Liver Division, Dr. Michael Goggins' lab, Pathology Department, Johns Hopkins University School of Medicine, Baltimore, MD

#### Professional Experience

- 1/14-1/17 Research Associate, Department of Pathology, Johns Hopkins University School of Medicine, Baltimore, MD
- 2/17-11/17 Instructor, Department of Surgery, Johns Hopkins University School of Medicine, Baltimore, MD
- 2/17-10/18 Chief Scientist, Division of Hepatobiliary and Pancreatic Surgery, Department of Surgery, Johns Hopkins University School of Medicine, Baltimore, MD
- 2/17-present Principle Investigator, Multidisciplinary Hepatobiliary and Pancreatic Laboratory, Pancreatic Cancer Precision Medicine Center of Excellence, Johns Hopkins University School of Medicine, Baltimore, MD
- 12/17-present Assistant Professor, Surgery, Johns Hopkins University School of Medicine, Baltimore, MD
- 11/18-present Chief Scientist, Division of Surgical Oncology - Hepatobiliary and Pancreatic Surgery Session, Department of Surgery, Johns Hopkins University School of Medicine, Baltimore, MD
- 3/17-present Committee Member, The Clinical Research Review Committee, The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins University School of Medicine, Baltimore, MD
