Video Symposium 3: SMA approach in laparoscopic and robotic pancreaticoduodenectomy

February 24 (Wed.) 13:10-15:10 [Room 1]

VS3-3 SMA Approach for Mesopancreas Dissections in Robotic Pancreaticoduodenectomy

Dr. Shin-E Wang was graduated from National Yang Ming University in 2002, and completed her surgical residency at Taipei Veterans General Hospital from 2002 to 2007. She is currently working as an associate professor, Chief of minimally Invasive Surgery and attending surgeon in the division of General Surgery, Taipei Veterans General Hospital and National Yang Ming University. Her major interests include minimal invasive surgery including robotic and laparoscopic surgery, pancreas surgery and pancreas transplant. Her pancreas team is very actively involved in minimal invasive surgery, especially robotic Whipple operation (more than 370 RPD cases) and pancreas transplant (more than 167 cases). She was the experts committee member in International Evidence-Based Guidelines for Minimally Invasive Pancreatic Resection 2019 (IG-MIPR 2019), held at Miami.
