

The Asian-Pacific Congress of Robotic Laparoscopic Surgery 2022

Name: Sung Shin

Affiliation: Division of Kidney and Pancreas Transplantation, Department of Surgery Asan Medical Center, University of Ulsan College of Medicine

CV

CURRICULUM VITAE Personal Information Name Sung Shin (申聖) Date of Birth 30 November 1977
Nationality Korean Marital Status Married Address Office) Division Kidney and Pancreas Transplantation,
Department of Surgery, Asan Medical Center 388-1 Pungnap-2dong, Songpa-gu, Seoul 138-736, Korea
Telephone 082-02-3010-3964 (office) Educational Background February,1998 Finished premedical course,
College of Medicine, Korea University, Seoul, Korea February,2002 Bachelor's Degree, College of Medicine,
Korea University, Seoul, Korea February,2013 Master's Degree, College of Medicine, Ulsan University, Seoul,
Korea February 2015 Doctor's Degree, College of Medicine, Ulsan University, Seoul, Korea Hospital Training
May, 2005 – February, 2006: Internship, Asan Medical Center, Seoul, Korea March, 2006 – February, 2010:
Residency in Surgery, Asan Medical Center, Seoul, Korea March, 2010 – February, 2012: Clinical Fellowship
in Vascular Surgery, Asan Medical Center, Seoul, Korea March, 2012 – February, 2013: Assistant professor in
Vascular Surgery, Asan Medical Center, Seoul, Korea March, 2013 – February,2017: Assistant professor in Surgery,
Asan Medical Center, Seoul, Korea March, 2017 – Current: Associate professor in Surgery, Asan Medical Center,
Seoul, Korea License and Certification February,2002 Korean Medical License (No.77435) February,2010
Korean Board of General Surgery (No.6505) Awards November, 2011 Young Investigator Award, 63th Annual
Congress of the Korean Surgical Society November, 2012 Best Abstract Award, 39th Annual Veith Symposium,
International Society of Vascular Surgery November, 2013 Best Abstract Award, 43th Annual Congress of the
Korean Society for Transplantation Featured Lectures &Presentation
The 14th Spring Symposium of the Korean Society for Transplantation (Gyeongju, Korea) Tips for management
of grant and outcomes for transplantation research (March, 2018) BST (Basic Science for Transplantation) 2018
(Rotherdam, Netherland) Biomarker candidate discovery for kidney transplantation prognosis monitoring via
urinary exosome proteome analysis (October, 2018) ATW (Asian Transplant Week) 2018 (Busan, Korea) The
Effect of Tissue-Resident NK cells on Renal Fibrosis in Kidney Transplantation Patients (November, 2018)
Technical pitfalls in pancreas transplantation (November, 2018) The 14th Asan Medical Center Surgery
Symposium [30 Years Memory of AMC Surgery] (Seoul, Korea) Precision medicine in transplantation (June, 2019)
ATW (Asian Transplant Week) 2019 (Gyeongju, Korea) Metabolic improvement after pancreas transplantation
(October, 2019) The 16th Spring Symposium of the Korean Society for Transplantation (Korea) (Virtual
symposium) Indications and optimal dose of ATG and basiliximab (July, 2020) ATW (Asian Transplant Week)
2020 (Seoul, Korea) (Virtual symposium) Induction and maintenance immunosuppression for pancreas
transplantation (December, 2020) Precision medicine in kidney transplantation (December, 2020) The 11th Asan
Medical Center Robotic Surgery Symposium (Virtual symposium) Robot-assisted kidney transplantation:
Experiences at Asan Medical Center (February, 2021) The Spring Symposium of the Korean Biochip Society 2021
(Hongcheon, Korea) Liquid biopsy for precision medicine in transplantation (June, 2021) EMKT (Expert Meeting
in Kidney Transplantation) 2021 (Seoul, Korea) Early failure of expanded criteria kidney donor (June, 2021)
Professional Activities March, 2016 – Current: Member of Kidney Committee in Korean Organ Transplantation

Registry (KOTRY) March, 2017 – Current: Member of Educational Committee in the Korean Society for Transplantation
March, 2017 – Current: Assistant Dean of University of Ulsan College of Medicine, Seoul, Korea
March, 2019 – Current: Member of Research Committee in the Korean Society for Transplantation
