

Program at a Glance **Day 1** March 28, Sun

	8:30	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
Room 1		<b>J</b> Joint Session 1 The regulation and functions of extracellular vesicles		<b>E</b> Special Lecture 1 (S. Hagiwara Memorial Lecture) Tadashi Isa			<b>J</b> Special Lecture 2 Mariko Bando	<b>J</b> Joint Session 2		<b>J</b> Collaborative Session 1 Bottleneck and solution in order to carry out cadaver surgical training (CST) - 3			
Room 2		<b>J</b> Meeting Symposium 1 Mechanics of cells and tissues			Sponsored Seminar 1 Bio Research Center Co.,Ltd.			<b>E</b> Symposium 3 The potential of stem cell and rehabilitation therapies for brain disorders		<b>J</b> Collaborative Session 2 Rehabilitation approach involved in emotional science and related physiological and anatomical evidence			
Room 3		<b>E</b> Symposium 1 Pleiotropic functions of polyamines			Sponsored Seminar 2 Intermedical Co.,Ltd.			<b>J</b> Symposium 4 Physiome of the Circulation		<b>E</b> Symposium 8 Crosstalk in modifiable and non-modifiable risk factors for cardiovascular disease			
Room 4		<b>E</b> Meeting Symposium 2 Possibility of reseaches in autonomic nervous system			Sponsored Seminar 3 Leica Microsystems K.K.			<b>E</b> Symposium 5 Anatomy and physiology of the respiratory center: cutting-edge research on the mechanisms of respiratory rhythm generation and hypoxic responsiveness		<b>E</b> Meeting Symposium 7 Visceral pain and sensaton: basic mechanisms and pathophysiological aspects			
Room 5		<b>J</b> Meeting Symposium 3 Cutting-edge reseaches on the organogenesis of hypothalamus-pituirary systems			Sponsored Seminar 4 Nikon Solutions Co., Ltd.			<b>E</b> Meeting Symposium 6 Physiology of energy homeostasis and pathophysiology of obesity		<b>J</b> Symposium 9 Reproductive biology up to date			
Room 6		<b>E</b> Meeting Symposium 4 Neural mechanisms of motivated and goal-directed behaviors			Sponsored Seminar 5 FUJIFILM Wako Pure Chemical Corporation			<b>J</b> Symposium 6 Mereological approach for unraveling the structure-function relationship of the central nervous system		<b>J</b> Symposium 10 Nuclear envelope biology – the structure and function of nuclear envelope, aging and disease caused by its abnormalities			
Room 7		<b>J</b> Meeting Symposium 5 Neonatal and adult neurogenesis: novel regulatory mechanisms, functional implications, and contribution to disease pathology			Sponsored Seminar 6 Thermo Fisher Scientific Inc.			<b>E</b> Symposium 7 New insight into oligodendrocyte research		<b>E</b> Symposium 11 Schwannoma/demyelination and immune cells: Elucidation of pathogenic mechanism and search for therapeutic strategies			
Room 8		<b>J</b> Symposium 2 Comprehensive understanding of the shape and function of “The Thrifty Phenotype”			Sponsored Seminar 7 JEOL Ltd.			<b>J</b> Young Investigator Symposium 1 Development of human resources in anatomy: Initiatives and Proposals		<b>J</b> Young Investigator Symposium 2 Size control systems in biology: Approach from anatomy and physiology.			
Room 9		Oral Presentation 1 Urinary organ, Renal function, Urination, etc.	Oral Presentation 3 Stress			Sponsored Seminar 8 Panasonic System Solutions Japan Co., Ltd.		<b>J</b> Joint Program on Education 1 Horizontal Integration		<b>J</b> Joint Program on Education 2 Vertical Integration			
Room 10		Oral Presentation 2 Muscle	Oral Presentation 4 Blood, Lymph, Immunity					Oral Presentation 5 Neural development, etc.	Oral Presentation 6 Neuronal projection, Neural network	Oral Presentation 7 Neurons, Synapses①	Oral Presentation 8 Neurons, Synapses②		
Poster		Poster Presentation Student Presentation On-demand										Poster ① Student Presentation Q&A(chat)	
Exhibition		Exhibition											

※**J** : Presentation language is Japanese.

※**E** : Presentation language is English.
