

Morning Seminars

May 17 (SAT) 8:00~9:00

Room 6 MS1-1

CEA

Moderator : Kentaro Hayashi
(Shimane University)

The orthodox and modified techniques of carotid endarterectomy

.....Tsuyoshi Izumo
(Gifu University)

Room 7 MS1-2

Flow Diverter

Moderator : Tomohito Hishikawa
(Kawasaki Medical School)

The dawn of a new era in the treatment of unruptured cerebral aneurysms caused by flow diverter

.....Kazutaka Sumita
(Institute of Science Tokyo)

Room 8 MS1-3

Clipping

Moderator : Tetsuyoshi Horiuchi
(Shinshu University)

Tacit knowledge of cerebral aneurysm clipping to be passed on to the next generation

.....Katsumi Takizawa
(Japanese Red Cross Asahikawa Hospital)

Room 9 MS1-4

Bypass

Moderator : Satoshi Kuroda
(University of Toyama)

Lifelong learning, lasting legacies in bypass surgery

.....Hiromasa Kobayashi
(Fukuoka University)

Room 10 MS1-5

Pediatric Brain Tumor

Moderator : Young-Soo Park
(Nara Medical University)

Current status and future perspectives of pediatric brain tumor surgery

.....Satoshi Ihara
(Tokyo Metropolitan Children's Medical Center)

Room 11 MS1-6

DBS

Moderator : Atsushi Umemura
(Juntendo University)

Evolution and future perspectives of deep brain stimulation

.....Koichi Hosomi
(Osaka University)

Meiji Seika Pharma Co., Ltd./KM Biologics Co., Ltd.

May 18 (SUN) 8:10~9:10

Room 6 MS2-1

CAS

Moderator : Kazumichi Yoshida
(Shiga University of Medical Science)

Basic and advanced technique in carotid artery stenting

.....Tomoyuki Tsumoto
(Showa University Fujigaoka Hospital)

Room 7 MS2-2

Coiling

Moderator : Hideyuki Ishihara
(Yamaguchi University)

Endovascular surgery for intracranial aneurysms : Aiming to improve treatment outcomes

.....Toshihiro Ishibashi
(The Jikei University School of Medicine)

Room 8 MS2-3

DAVF

Moderator : Yasushi Takagi
(Tokushima University)

Imaging diagnosis and endovascular treatment strategies for dural arteriovenous fistulas

.....Naoki Toma
(Mie University)

Room 9 MS2-4

Germ Cell Tumor

Moderator : Masamichi Takahashi
(Tokai University)

Advances and future perspectives in the diagnosis, treatment, and pathophysiological understanding of central nervous system embryonal tumors

.....Hirokazu Takami
(The University of Tokyo)

Room 10 MS2-5

The Update of Neuromodulation Therapy

Moderator : Yasushi Iimura
(Juntendo University)

Neuromodulation therapy for drug-resistant epilepsy

.....Tatsuya Sasaki
(Okayama University)

Room 11 MS2-6

Functional Neurosurgery Up to Date

Moderator : Yoshinori Higuchi
(Chiba University)

Neurosurgical essence in MR guided focused ultrasound therapy

.....Hirokazu Iwamuro
(Juntendo University)

LivaNova Japan K.K.

InSightec Japan K.K.
